

Multi Academy Trust Governance

Development and training solutions – Spring and Summer 2022

We provide professional, practical training and development solutions for multi academy trusts that enable everyone to govern with confidence.

We provide **bespoke training solutions** for multi-academy trusts. We work with you to identify your governance development needs. We can provide a range of bespoke training solutions either face-to-face (when possible - observing social distancing rules) or as a webinar, including:

- Induction training for new local governing body governors
- Governance conferences to inspire and educate all levels of governance
- Governance training programmes for the whole trust
- Trust board and members training

Key Features of our training solutions

- Up to date guidance on how to do the job, addressing topical issues
- Free resource packs - templates, tools, examples, and checklists to help you be productive
- Signposting to national resources, research and DfE guidance
- All training developed with reference to the Governance Competency Framework
- Best practice advice from experienced chairs
- Action plan or personal log for governors to complete and take away
- Bespoke training solutions for your board or multi-academy trust
- Training programmes and packages
- Public courses, in-house courses or webinars at affordable prices – all currently delivered as Webinars

Our training programme covers all key aspects of the Governance Competency Framework

As National Leaders of Governance we have experience working with multi-academy trusts to support the development of high quality, consistent governance practices at all levels. This can include:

- Local Governing Board reviews
- Development of your trust governance handbook
- Support in evolving and refining your Scheme of Delegation
- Developing governor role profiles
- Developing monitoring guidance, checklists, and processes
- Trust board reviews

Case Study

A growing MAT of six primary schools asked us to work with them to improve their governance practices. Whilst they had very keen local governors, they lacked confidence and needed focused training to help them effectively discharge their duties.

What we did

We created a complete governance development solution for the MAT which included:

- A kick-off one day governance conference focusing on the core responsibilities of governance, reflecting the current scheme of delegation.
- Focused in-house training events on key topics, including Effective Monitoring, Governance of Safeguarding, and Governance of SEND
- Development of a governor monitoring process, including a step-by-step approach, monitoring report template and guidance
- Development and delivery of a personalised governance induction course for new governors across the MAT
- Mentoring sessions with each local chair to help them create an individual governance development plan for their local governing board
- Feedback to the trust board with guidance on potential next steps to further develop governance across the trust

Impact

- ✓ The governance conference was the most well attended governance event they had ever offered
- ✓ Local governors, trustees, members, trust staff and headteachers were motivated by the joined-up development solution that helped them really understand what was expected of them and appreciate the value of bespoke training
- ✓ Monitoring quantity, quality and effectiveness improved
- ✓ Governance practices at local board level were praised in recent Ofsted inspections across the MAT
- ✓ New governors are now able to contribute quickly and confidently to the work of the local board

Next steps

The trust board and CEO are so pleased with the impact and value for money of our work with them so far we are now working on refining their scheme of delegation to make it more user friendly, creating governance role profiles for key link governor roles, and re-writing their governance handbook to provide comprehensive guidance on all governance duties across the MAT.

"The professional advice, training and guidance provided has proved invaluable in developing Governance across the MAT" **MAT CEO**

What people say about us

We pride ourselves on delivering high quality governance development services that really have an impact. Here are some comments from delighted clients.

'The best training I've ever attended. THANK YOU!'

'At last training that tells me how to do the job! I feel inspired again as a governor.'

Fantastic resources! The toolkit and templates will save me so much time!

'The course was so helpful. I now understand how I can make a difference as a governor.'

'All governors should come on this training. If only it had been available sooner. I'm going to encourage everyone on our board to attend the next event.'

About us

Our tutors are experienced chairs of governors who have led governance in many settings, including multi-academy trusts. We have experience supporting all sizes and types of MATs across the country.
