

Working in Partnership with Billericay Teaching Alliance 2023-24

Dear CEO or Headteacher,

Billericay Teaching Alliance over the last 11 years has developed strong collaborative and strategic partnerships, and has worked with over **650** schools and Trusts across all phases and with a range of organisations, engaging with Governors and leaders, teachers, administrative staff, support staff and outreach colleagues through ITT, CPLD, School to School Support, and Research and Development.

We are extremely proud of our collective achievements, realised through our partnerships, ensuring the continual growth, strength and capacity of our team. We continue to adapt and strengthen our Professional Development provision for 2023-24, including increasing the number of colleagues and System Leaders engaged in supporting school improvement. Working in collaboration with the Harris Chafford Hundred Teaching School Hub, we are pleased to signpost Specialist and Leadership NPQs, as well as continuing to offer Appropriate Body services for ECT Induction as a delivery partner. This current year we have had the privilege to work with over 250 ECTs and their Induction teams in school. We look forward to working with these and other schools in 2023-24. We also continue to offer our highly impactful ECT pedagogy sessions for both primary and secondary phases linked to the Teachers' Standards and the Early Career Framework.... and much more! To take advantage of our extensive offer, please find attached our **Professional Development Ladder (PDL)** and **A3 Professional Development Provision poster** which makes clear the breadth of provision schools can engage with.

The above is testament to colleagues, schools and Trusts that have worked with and supported the development of Billericay Teaching Alliance. We aim to continue building on these successes during 2023-24, as we strive for excellence in partnership with all schools and Trusts to enhance the life chances of all children and young adults.

Working together

We would like to invite you to work in partnership with us by joining Billericay Teaching Alliance. We would be delighted to meet with you to explore how we can work together to support your strategic plans in implementing your school improvement priorities.

Givers and Receivers of support

We believe that all schools should be givers and receivers of support. We have a large team of colleagues from over 60 schools and other organisations and professional associations across all phases, who contribute towards the design, delivery of provision, and support. Enabling your colleagues to engage with our activities is a great way to retain your staff. We are keen to welcome any school wishing to engage in this aspect of the Teaching Alliance (remuneration applies, as well as great professional development). We look forward to hearing from you.

Yours sincerely,

Tony Ward
Director
